

January 1969

The inclosed information appears in a New Testament which my family has. The Robert O'Bannon (b. 1796) named in this material gave the book to his son, Benjamin Wallace O'Bannon, who gave it to his daughter Katherine Clyde Wallace. Katherine's husband, O. L. Wallace, Carthage, Mississippi, has the book now.

The title page and several pages of text are missing from the front of the book. The inclosed information appears on blank pages in the books of "Matthew" and "Acts" and at the end of the text. The original writing is by at least five different hands. Some of the ink has faded, but I have attempted to make an exact copy of what is still legible. Duplicated information is written by different hands. The original pages are not numbered, but I have assigned arbitrary numbers to them. I have photographic copies of this material and will welcome correspondence about it.
